Explain the entire circumstances surrounding your complaint. Please be VERY specific and include ALL relevant information:

On September 27, 2012 I received an e-mail from Lindy Schumacher. (Attached) I have no knowledge as to who this is. Upon reading the email I discovered it was a friend/campaign supporter of Clark County School District Trustee Deanna Wright. At that point I realized that Trustee Wright shared my email address with this person WITHOUT MY KNOWLDGE OR PERMISSION.

I first contacted Trustee Wright though this particular email address on August 28, 2012 in regards to an issue I had concerning the "standard student attire" policy at my daughters school which falls under Trustee Wright's district.

At no time did I indicate support for her re-election, or give any reason to believe I had any interest in helping her campaign. The email I received from Lindy Schumacher was soliciting my involvement to walk around the community encouraging voters to support Trustee Wright's reelection.

She gave out my personal information that she acquired as a member of the school board to people outside of the school district for the benefit of her campaign to be re-elected. I have a HUGE problem with this.
