To Whom It May Concern:

I am pleased to write this letter of recommendation for James Preston Oliver. Mr. Oliver is highly recommended for any teaching position that is available. He has taught in international and private Educational workshops and recruiter positions for me. I served as CEO and chairman of the board.

He functions as an excellent instructor, well organized, creative in his approach to the classroom and to the profession of teaching. He is engaging and at the same time deliberative in his understanding of what is required for the students to learn. Mr. Oliver has an excellent understanding of the video and related visual tools that he routinely introduces within the classroom experience. He has traveled extensively in Japan, Korea, and Asia in general and has an understanding of the world and the unique applications for students. He is a gifted teacher with a strong sense of integrity and depth in his teaching and persona.

Sincerely,

Thomas Nicholas Pappas, PhD
